CLASS HISTORY

On the 26th day of August, in the year 1975, the most numerous band of disoriented students ever to invade Pana Senior High School made their presence known. Acclaimed to be the most independent and fun-loving class ever to pass through Junior High, the horde set out to either make a new name for themselves or verify the old one. Under the leadership of the following class officers: Nancy Russell-president; Cathy Beck-vice-president; Linda Buerk-secretary; Jane O'Brien-treasurer; they began to earn money for the '77 prom. One of the highlights of the school year was the class get-together at the Butch Sims residence in Millersville. Other than that the year was merely a transitional phase for the still young 78ers.

Officers for the junior year were: Nancy Russell-president; Cathy Beck-vice-president; Patty Cloe-secretary; Jane O'Brien-treasurer. The JV basketball team coasted to a 16-2 record. The prom was the same as usual. Nine boys went to Boy's State and one girl to Girl's State. Cathy Beck was selected as Labor Day Queen. This year served as a springboard for the class's upcoming senior year.

To lead them through their final year the class of '78 chose several new officers: Bill Cloe-president; Darth Holthaus-vice-president; Mike Schmitz-secretary; Jane O'Brien-Treasurer. For each year since 8th grade the '78 class had a new principal. This year was no exception. This time Mr. John Bohannon was at the helm. The class homecoming float, constructed under the supervision of Mr. John Profilet, was the most enthusiastic float in the entire rain-soaked parade. The whitewashing was a success, although Karl Alde diluted the whitewash and it was illegible. The rain dampened the football game, but not the dance as Linda Dionne was crowned Homecoming Queen. Jane Donaldson was a finalist in the National Merit Scholarship contest. Pana also produced two Commended Students in Ida Holliday and Greg Holthaus. Girls' tennis and volleyball went to state. In the year of 1978 the varsity basketball team, led by seven seniors compiled a 12-3 record and won the Shelbyville tournament. They also had three straight victories over arch-rival Taylorville in a timespan of three weeks. The boy's track team again won the conference and the girl's team gave it their all. Two members of the class were called upon to write this brief class history, their names will not be mentioned but their initials are T.L. and G.P.H.

Every year as students depart from Pana High School, for some it is the end of their formal education. Others, however, will continue to broaden their lives by continuing the quest for knowledge. Which of these choices you are to make is a problem you will soon face. To solve this problem you must examine your own capabilities and find the field in which you can develop and succeed according to your talents. Remember, success is measured by that which lies within one's own heart and mind. Choose wisely and face the future with pride and confidence in yourself.

HONORS

A.F.S. MESSAGES

FROM MARIA: During the school year of 1977-78, I had the opportunity to spend eleven months in Pana. When I heard that I was one of the 200 students from Germany who had a host family in the USA, I couldn't believe it. But when our plane arrived in New York, I had to believe it. My host family consisted of two boys and two girls. I received new responsibilities and also many enjoyable experiences. I attend some German festivals in Decatur with a family originally from Germany. Although I have not travelled too much yet, I have plans to do so before I leave. This experience brought me a lot of new information about another country. Since I have learned so much of the American ways, I see America from a different viewpoint. I could never express all of my feelings and thankfullness of being an A.F.S. student. My many thanks go to my family and my friends who made my stay very enjoyable to me, the A.F.S. Chapter, and the whole Pana Community. My very special thanks go to A.F.S. Without A.F.S. I can't say what I would do now. Thanks to all the people who made my stay possible.

Nancy Hedwig-Mueller

FROM KAREN: During the summer of 1977, I had the great fortune of going to Brazil. For the ten weeks I was there, I stayed in Belo Horizonte. Belo is a city of two and one half million people. I lived downtown in an apartment building. That was quite a change from living in a farm community. My family consisted of Claudio, my 34 year old father; Terlia, my 27 year old mother: and Claudia, my 4 month old sister. Terlia was like a sister to me. We became very close. Both parents had large families, so there was always someone to talk to, even if they only spoke Portuguese. There were many things for me to do. I went to parties, movies, and clubs. From the very beginning I was treated like a member of the family. I appreciate A.F.S. for giving me the opportunity to live with people in another country and of a different culture. It really opened my eyes to some things.

Karen Wilcox

FROM STEVE: During the summer of 1977, I was fortunate to be given the opportunity by A.F.S. to go to Germany for two months. It was the most rewarding experience of my life and one that I'll never forget. Becoming an A.F.S. student was something that I had always hoped to be, and when it came true, it was hard to believe. Through my summer, I feel like I've gained so much by learning and living as the German people do. During the two months, I stayed with the Hansjurgen Iben family in the city of Heidenheim. The city is located in south-central Germany. My family consisted of Papa, (Hansjurgen); Mutti, (Ursel); brothers Rolf, 16; Bernd, 14; and my sister Annegret, 12. My family accepted me as a member of their family, although sometimes I was treated like a king. We shared a lot of good times together. Getting used to the German food, customs, language, and ways of life, was very difficult in the beginning, but I learned that I had to get accustomed to these things if I was going to be there for two months. I was very lucky to travel around not only Germany, but in Switzerland and Austria also during my summer abroad. A 200-mile bike trip and a two week vacation in the Bavarian Alps were two big highlights of my summer. This way I was not only able to see the German cities, but the German countryside with all of the small villages besides. Another great experience was attending a German school. This experience enabled me to see what the German students were really like. Being an American meant certain privilages wherever I went, but especially in school. Students wanted to know what it was like being an American, and often wanted me to show them what they called the American way of doing things. I realize now that I wasn't only a representative of my school, community, or state, but that I was a representative of the U.S.A., and what I did was how they judged Americans. There aren't enough words to express what my summer abroad as a A.F.S. student was really like. Travelling places that one has never imagined, meeting the greatest people in the world, learning from one's experiences and being able to walk together and talk together is what the A.F.S. program is all about. I'd like to give a special thanks to A.F.S., my family, friends, and A.F.S. Chapter, and all others who helped me this once-in-a-lifetime opportunity.

THE CLASS OF 1978

JUNE 6, 1978

1978 excelled in changes: new faculty members, a new principal, a new superintendent, a new fall delivery date for the yearbook, and dramatic changes in ourselves. The Heros, Heroines, and Villains of PHS in 1978 have been pictorially captured in the record of this great, growing, traumatic, dramatic, beautiful, crazy, terrific year — 1978.

Since this was Mr. Lacy's first year as a yearbook advisor, we felt as though the blind were leading the blind, but we feel that we captured 1977-1978 at its best in pictures. We have placed as many snapshots as possible in the '78 Panorama. We hope the extra snapshots add to your enjoyment as you look through this year's annual.

Our thanks go to all who made it possible. We thank the editorial staff who helped get the book started and the business staff who made it possible to buy a $12 yearbook for $7. Our extra special thanks go to Mr. Lacy for all his help as our advisor this year.
